ZAZOOX Self Serve Multifunction Café

ZAZOOX provides the top end functionality in the ZOOX Stations' Multifunction Café line. Loaded with consumer appeal, **ZAZOOX** features everything from Internet and high-end PC gaming to full business and photo services. Combining low hardware costs with a unique complement of five revenue-producing applications, this station provides exceptional ROI potential.

Each **ZAZOOX** cafe comes pre-loaded with the application software packages, remote monitoring, and complete customer services. Specific software included:

- **Internet / Email** for solid profitability base and steady café traffic
- **PC, Casual User, and Multi-Player On-Line Gaming** for a second tier of popular entertainment revenue - licensed PlayStation® and X-Box® titles
- **Office Application Suite** providing "Office on the Go" business services
- **Photo Upload Software** enabling users to upload, optimize, and share photos
- **ZOOX Stations Café Manager** providing a simple mechanism for users to build accounts and use their payments anytime

USER STATION SOFTWARE PACKAGE:

Internet Software: Provides customers with an inviting venue for online services. The interface presents quick links to popular sites like My Space, Face Book, Google, etc. to stimulate steady café traffic and peak profitability.

PC, Casual User, and Multi-Player On-Line Gaming Software: Multiplies user revenue by adding up to 12 PlayStation® / X-Box® game titles for cutting edge entertainment options. Casual user and multi-player on-line gaming titles round out an unprecedented gaming selection. Turnkey licensing and renewable content ensure hardware longevity and maximum long-term ROI.

Photo Software: Transforms your café into a photo management station enabling sophisticated photo editing, upload, and email capability. Photo features provide significant revenue enhancement with extended transactions on a highly valued service.

Office Software: Rounds out your café features, with a very affordable Office Application Suite. Allows customers to create, view, and change documents, spreadsheets, and presentations. All Microsoft Office® compatible.

ZOOX Stations Café Manager Software: Builds customer loyalty by giving them the ability to build accounts and use their payments anytime at any of your defined locations. Remote monitoring provides 24/7 machine status and tools for easy sales and usage tracking.

ZAZOOX SERVICE PACKAGE:

ZOOX Stations Maintenance and Support Package is a simple and affordable pre-paid plan, and is required for the software package. Just one monthly service fee per terminal covers all of the following services:

- Consumer help desk - support for all applications
- Spare parts and service depot - one year warranty
- Remote monitoring server
- Game licensing
- Software maintenance and updates
- Hosted merchant account
- Web café database

ZOOX Stations would be pleased to quote additional items including booths, seating, and graphic options. Call us at 1-888-661-1697, or browse our site at www.zooxstations.com.
