

*Perfect for
photo printing,
music downloads,
cellphone
ringtones and
more!*

DIGITAL MEDIA KIOSKS

Versatile, Fully-Functional and Designed to Maximize Revenue Streams!

This stylish, multi-purpose enclosure is the ideal kiosk solution for just about any internet-based application, including digital photo printing, independent music downloads, cellphone ringtones and more. Our digital media kiosks offer the accessibility of an interactive work station with the economy and convenience of a small footprint.

Using either your organization's own software application or **KIOSK's** award-winning custom software, this kiosk is a full-featured multimedia machine. The sleek design and durable, structural foam construction allow you to deploy this kiosk indoors for heavy-duty public usage.

In addition, the integrated lightbox signage ensures that your product messaging will reach both the casual observer as well as the kiosk user. And, the colors and graphics can be tailored to match your company's branding and color scheme for maximum consumer impact.

POWERFUL REVENUE GENERATING SOLUTIONS ...

According to a new forecast report from InfoTrends/CAP Ventures, digital photo kiosk sales are expected to demonstrate a compound annual growth rate (CAGR) of 12% over the forecast period between 2003 and 2008. Kiosks continue to prove that they are a successful revenue generating solution in the retail environment.

KIOSK offers a complete line of self-contained digital media kiosks, including photo finishing stations in a variety of configurations. Standalone, mini-terminal or networked: the KIOSK line of digital media kiosks are as rugged and versatile as they are attractive.
