

THE STUBBY SERIES

Designed to fit anywhere kiosks are needed!

The Stubby Series of kiosks offer a wide array of platforms and configurations. This model is available in either a countertop, wall-mount or standalone version.

With a space saving footprint, solid design and multiple component options this kiosk is ideal for public internet terminals, transactional kiosks and other self-service types of applications. The Stubby combines a sleek profile with unparalleled durability to withstand the rigors of daily usage.

The Stubby Kiosk can be visually configured in many ways to maximize the impact of your marketing and corporate image. Custom colors and branding options are available, and with the optional pedestal stand, this kiosk transforms into the perfect standalone unit.

All of our Stubby Series Kiosks come standard with a Celeron or P4 computer, amplified speakers, and a 15" LCD display. Plus, with the ability to add a cash acceptor, insert card reader, barcode scanner, thermal printer, touch screen, keyboard with trackball and more, you can truly create a kiosk that meets your needs.

See reverse for a full list of models, specifications and dimensions.
