# Introducing SNAPTRAX Digital Media Station

Developed to address the growing demands for digital photo, music, cell phone and other web-based media applications, SNAPTRAX is the all-in-one solution for the next generation in public self-service.

SNAPTRAX is an exciting new digital-media transaction station offering a unique combination of products and services:

## **Photos:**

- Print a Photo from your digital media
- Download images onto a Photo CD
- Print photos or create a Photo CD from your Cell Phone

## **Music:**

- Create your own Custom Music CD
- Download your favorite tunes onto MP3 or Laptop

## **Cell Phone:**

- Download Ring Tones & Games
- Download Photos and Create Photo CD's
- Interfaced through Bluetooth and IR Technology

## **Internet:**

- Surf the Web • Check email
- Bill Payment, Calling Cards and Cell Phone toppers

*Accepts both cash and credit cards*

## **Three models to choose from!**
